Presidential Scholarship Program

“As a Presidential Scholar at UNM, I know first-hand the impact gifts can have.”

— Jaylee Caruso

May 26, 2015

Dear Michael,

Thank you! Through your past investment, students like me are able to study in Albuquerque — and beyond.

Last semester, I spent four months studying at la Universidad de Costa Rica in the capital city of San Jose. I was often the only foreign student in my classes, but as my Spanish improved, so did my confidence in the classroom.

They have a saying in Costa Rica — *Pura vida* — which is used for everything from “hello” to “see you later!” Strangers are greeted as friends, a level of welcoming that opened my eyes to how truly interconnected we all are. In the end, I returned to UNM with a heightened perspective on the world around me.

Thanks to donors, I was able to take advantage of the life-changing opportunities the scholarship opens. *Will you change a student's life by getting involved today?*

For a \$2,600 commitment, you can sponsor a Presidential Scholar just like me. A gift at this level gives you the opportunity to meet the student whose life you are changing at the annual Presidential Scholarship Dinner or Fall Mixer. Your scholar will also send you a letter every year about his or her progress at UNM.

Thanks to his kindness and support, I now share a special bond with my sponsor Bill Dominguez. I hope you choose to invest in a student like me by sponsoring a Presidential Scholar today.

¡Pura vida!

Jaylee Caruso '15
Nutrition Major

P.S. Bill also received a Presidential Scholarship, which inspires me to give back after graduation. *I want to do what someone else did for me!*

Above: Jaylee and her sponsor Bill Dominguez (BS Ph '85, MD UNM School of Medicine '89). Will you join Bill by investing in a Presidential Scholar today?

“Scholarship support allowed me the opportunity to study abroad in Costa Rica, where I witnessed an incredible arribada — when hundreds of sea turtles lay their eggs on shore.”
