SERVICES

FISHING

Whether its walleye, pike, perch, whitefish or trout you are after or the easy access, short distance or hard to get to lakes, we are sure you will find an option with us that pleases you! In order to expand your options to chase the bite or simply explore new lakes, we have boats stored at hard to reach lakes, on the shores of easy access lakes and boat/trailer combos. We offer value and mobility which together create an affordable fishing adventure.

HUNTING

We conduct our bear hunts on over 180,000 acres of private and crown land situated next to the Chapleau Crown Game Preserve. The Game Preserve, the largest in the world, provides our hunting area with an abundant amount of black bear. Visit our website for more details and pictures.

CAMPGROUND & CABIN RENTAL

Open mid May to mid Oct, we enjoy a long season of outdoor activities. We offer a full service campground and cabin rentals.

All rates for the 2024 season only
