Minutes approved for November meeting.

Trees

- Tree trimming- residents are claiming insurance will not renew their policy with a certain type (unspecified) of tree. Park will not remove healthy trees.
- Raised question why / what is wrong with tree that insurance will not renew?

Dumpster Day

- Park management willing to approve but will require a written proposal be submitted to management including details of how it will be managed.

Good Neighbor Policy

- To be updated. Would like right to review before publication. Should WRO have legal review of policy?

Security

- Requested USPS change the locks on the mailboxes due to theft of master key.

Meet-n-Greet

- Set up three meetings for second or third week in January with park management.
- WRO to create and distribute flyers to publicize meetings.
- Separate additional meeting to be held once Good Neighbor Policy is finalized; date TBD.
