

Meeting Minutes, Westwinds Residents Organization Board of Directors

Monday, June 6, 2022, 6:30 p.m.

Tonight's board meeting time was completely devoted to a presentation from the San Jose Police Department on a Neighborhood Watch program. Dexter Goody and Patrick Grimes set up. They had posted flyers on each carport a week earlier. Doug Lohafer also attended. About five members of the police department were there. About 50 residents attended. The presentation took a full hour. At the end, they handed out window signs, and officers stayed after to answer questions and talk. WRO had a literature table, and three people signed up to join WRO.

July 4 is the first Monday of the next month, so we might reschedule our next board meeting. It will be the last board meeting before our annual election.

Respectfully submitted,

Patrick Grimes
