

Financial Stress Decreases Productivity And Increases Health Issues.

Are you protecting your employees from the financial stress of an unexpected legal or identity theft issue?

Employees are financially stressed and are not prepared for unexpected expenses.

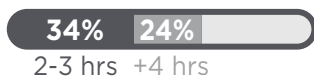

80% of employees working full-time reported that they feel financially stressed¹

47% of Americans are unable to pay for an unexpected expense of \$400²

And they commonly deal with their personal finances in the workplace.

34% 24%

34% of employees spend 2-3 hours while at work each week on personal finances, **24%** spend over 4 hours³

47%

47% of employers agree that employees have asked a manager or supervisor for personal financial advice in the last year⁹

High stress due to financial debt can cause a:

500% increase in anxiety and depression

500%

44% greater chance of suffering from migraines

44%

2X the rate of heart attacks, ulcers and other digestive issues⁴

2X

Legal and identity theft issues are more common than you think.

- **Every 2 Seconds** someone becomes a new victim of identity theft⁵ - it could cost over a \$1,000 to restore an identity¹⁰.
- **74%** of American employees experience a legal life event each year⁷ - hiring a lawyer could cost up to \$500 an hour¹¹.

Protect your company's bottom-line and your employee's hard earned savings.
