

2019

Your identity is personal.
Keep it that way.

Protect your family's good name with affordable identity theft protection.

Identity theft affects millions of Americans each year. In just minutes, identity theft causes financial damage and emotional harm that can take years to recover from. LegalShield Identity Theft protection will equip you with the information and expertise you need to help protect yourself and your family and resolve issues related to identity theft.

In the event that identity theft ever does occur, our complete recovery services from our Licensed Private Investigators will ensure that your identity is restored to its pre-theft status. So, no matter what happens, you'll have the best coverage possible and be empowered to worry less and live more.

Protecting Your Family

LegalShield's Identity Theft Plan offers identity theft protection that will keep your family safe. Millions of Americans have their identity stolen every year. Don't be one of them.

Comprehensive Identity Restoration

What if You're a Victim?

Ideally, identity theft will never happen to you, and we'll do our best to make sure that it doesn't. But in the unfortunate event that it does, we'll help restore your identity as fast as possible. The membership provides:

- Start-to-finish identity restoration through IDShield Licensed Investigators.
- Seven-year fraud alert notifications sent to all three national credit bureaus.
- Proactive searches for activity in your name on local and national databases.

If identity fraud happens, you'll have experts working with you to ensure your identity is restored to what it was before the fraud occurred. And that's a valuable thing to have.

The Best in the Business

IDShield has Licensed Private Investigators to provide the best identity restoration possible. If you're a victim of identity theft, our dedicated licensed investigators will perform comprehensive restoration services using a Limited Power of Attorney, along with access to private resources using specialized credentials, for as long as it takes to restore your identity to pre-theft status. If you prefer not to sign a Limited Power of Attorney, our advisors will assist you in taking action yourself.

Restoration Preparation

To restore your identity, our investigators will:

- Explain your rights and educate you on the restoration process.
- Help you organize details and complete fraud-related paperwork.
- Issue fraud alerts to all three credit bureaus.

Restoration Process

Begins immediately after receiving your signed Limited Power of Attorney (if you choose not to sign a Limited Power of Attorney, IDShield will instead assist you in taking these actions). We will work to:

- Issue fraud alert to the Social Security Administration, Federal Trade Commission and U.S. Postal Service within 24 hours.
- Work with all three national credit repositories to restore credit accuracy.
- Review credit history with you to verify what items the fraud includes.
- Issue fraud alerts and work with affected banks and credit card companies.

When a Fraud Issue Warrants

IDShield Licensed Private Investigators shall:

- Contact creditors and collection agencies and work with them to dispute all fraudulent accounts.
- Search U.S. Criminal Records, Department of Motor Vehicles, Social Security database and more to find fraud or criminal activity in your name.
- Assist you in working with law enforcement personnel, using licensed attorneys when necessary.

Case Closing Process

We won't stop until we:

- Provide a tri-merged credit report 120 days after resolution of your case.

- Continue identity restoration until your identity is back to what it was before the fraud occurred.

Identity Thieves Don't Take Time Off
