Famous Quotes

Happy July to all of you! July is a time for fun and relaxation, making it one of the best times of the year. As our great country celebrates its independence, we should also celebrate our spiritual and social independence. Spiritually, we need to release ourselves from external dependencies and rely on the strength and power of God within us. In deep meditation, we can conquer our fears and dependence on external things or people. God has brought us a long way and continues to show Himself/Herself strong within our minds and deepest thoughts. We know that God is a healer of sickness and disease and is still working miracles in our lives.

Socially speaking, many of us are descendants of slaves and have fought battles for diversity, equity, and inclusion (DEI) for hundreds of years. Diversity is about celebrating the differences found in each person, while equity means recognizing that each person has different circumstances and allocating resources and opportunities appropriately to reach an equal outcome. Inclusion is about valuing, respecting, and supporting individuals. As we continue to build toward a culture where everyone feels welcome, I can see evidence of your growth and steadfast love as we all do the work of social justice. The powerful message and work that you are doing around the world is truly evidence of your witness for the Lord. The great metaphysician Dr. Paul Master states that, "all that we know, we know nothing unless we can demonstrate the life of God in our everyday existence." You are all doing just that based on the reports from our House of Bishops' members. This is worth celebrating, Happy July 4<sup>th</sup>, Independence Day!!!

## The Master Classes

### Metaphysics, The Beatitudes, What We Believe

The Master Classes are well underway. We are excited about our first class and retreat to study. We want this class to be a powerful spiritual journey for all of our clergy team. We are closely examining the Metaphysical principles of the Beatitudes in Matthew chapter 5 in the King James Version of the Bible, which was the subject of Jesus' famous and first recorded sermon known as the 'Sermon on The Mount'. We are also deeply focusing on our sacred text and principles of "What We Believe" and comparing those writings with that of the Beatitudes.

Bishops, Elders, or Pastors can choose whether they would like to be present at these classes; however, they are more than welcome to drop in and audit our classes, as their presence is always appreciated. However, Fellowship leaders and all other clergy are expected to complete all open-book exams and be present in class or review the recordings.
