

**Nourish the Body**

**Feed the Soul**

**Since 1997, Barberton Area Community Ministries has been proudly Nourishing our Neighbors! Through the generous donations of funding, sponsorship, and volunteering from so many, we help thousands of residents through our Food, Personal, and Pet Pantries!**

**We are very excited to announce our next step in serving our community by “Feeding Souls”! We will be partnering with “Behind the Ribbon”, a local 501c3 organization who is focused on providing a forum for awareness support groups, awareness specific resources, related medical and awareness group specialists, and monthly meetings for residents to truly connect with others who are facing like challenges, conditions, and personal hardships. The meetings will be held here at Barberton Area Community Ministries!**

**“One of the marvelous things about community is that it enables us to welcome and help people in a way we couldn’t as individuals.”**
