Labor (____ hours @ \$40/man hour)	\$ _____
Skid Loader/Backhoe (if applicable) (____ hours @ \$70 per hour)	\$ _____
Freight	\$ _____
Hauling/disposal fee	\$ _____
TOTAL	\$ _____
Down Payment	\$ _____
Balance due upon completion	\$ _____

This price includes the amount of stone specified. Any additional stone will be billed at \$210.00 per ton; this includes the cost of stone and labor. Additional gravel will be billed at \$68.00 per ton; this includes the cost of gravel and labor.

Unforeseen circumstances (such as large rocks, underground pipes, wires etc.) may require additional man hours, and possibly additional equipment. The customer agrees to pay for any extra man hours and any necessary equipment to resolve those circumstances. The customer will be notified promptly if unforeseen circumstances arise, before making any attempts to resolve those circumstances. Any additional charges will be put in writing and signed by both the customer and the contractor.

Warranty: 2 years on pumps, 1 year on mechanical parts, and 1 year against leakage (determined by contractor consultation). The warranty does not cover natural disasters including flooding. If after start of construction we find water and cannot dig any deeper, owner agrees to pay for all labor up to that point (loader rate/man hour). If contract is terminated a 20% restocking fee will be applied to total cost of materials.

The prices, specifications, and conditions listed above are satisfactory and are hereby accepted. Contractor is authorized to do the work as specified. Payments will be made as outlined above.
