On the Stall City

Stalls 12 & 13

Norwich Market

Norwich

Norfolk

#### **Executive Summary**

"On the Stall City" was established by Norwich City fans and volunteers Sharon, Andy and Jacob Bowles as a "Pop-Up" stall on Norwich Market in February 2019. The pop-up ran on six separate occasions that year and sold clothing, programmes and memorabilia relating to Norwich City Football Club to raise money for the Community Sports Foundation (CSF). The majority of the stock was donated by fans, former players and the club itself and nearly £9,000 was raised for the charity.

The success of the "Pop-up" led to the decision to take out a permanent lease on a stall in Norwich Market. However, plans to open in March 2020 were put on hold due to the pandemic. Instead, during 2020 – 21 "On the Stall City" moved to an online service.

A permanent lease was granted by Norwich City Council and after refurbishment, Stall 13 opened in July 2021. In August 2021, "On the Stall City" became a Community Interest Company (listed on Companies House no. 13575963) with the stated objective of donating our profits to the CSF. In addition to raising funds for the CSF, all money spent purchasing stock from Norwich City FC is donated to the Norwich City Academy.

In April 2022, the lease to the adjoining stall, Stall 12, was purchased doubling the sales space and making room for "previously loved" stock to be sold.

Our Business Plan (July 2021) included a projection of £75,000 sales in the first three years resulting in a target donation of £50,000 to the Community Sports Foundation.

This report reviews the first years' trading which has resulted in total sales of £41,615.50 and a total donation of £15,000 to the Community Sports Foundation and a total of £7,800 raised for the Norwich City Academy.

### Introduction

#### About us

"On the Stall City" (OTSC) is Sharon, Andy and their son Jacob Bowles. Sharon and Andy run an online legal training company ABC Food Law and operate OTSC in their spare time.

Jacob is on the autistic spectrum and On the Stall City was originally established to help him gain confidence and develop social skills. Jacob has been helped enormously over the years by the kind and professional staff at the Community Sports Foundation (CSF). He wanted to give something back to the CSF in recognition for their help and so when OTSC was set up, the CSF was identified as their nominated charity..

Jacob's work on the stall was recognised by the local community, who voted him Norwich City FC Fan of the Season 2019.

#### **Our business model**

On the Stall City is a Community Interest Company (CIC) which is similar to a Limited Company in terms of structure but is different because all profits are donated to a nominated charity (in this case the CSF) rather than distributed to shareholders.

Sharon, Andy and Jacob are volunteers and give their time on the stall and behind the scenes free of charge.

Our stock is purchased from Norwich City FC or is donated to us by the club, the CSF, fans and others. All money spent on the purchase of stock from the club is allocated by them to the Norwich City Academy.

#### The CSF

The Community Sports Foundation (CSF) is Norwich City's charity and helps over 38,000 people every year achieve their goals through sport, supporting some of the most disadvantaged, disabled and talented people across Norfolk. The Foundation's vision is to help people achieve their goals by delivering quality, innovative services through football and sport.

#### **Our objectives**

Our main objectives include:

**1. Helping the community to access sports activities**. On the Stall City sells top quality hard-tofind sports clothing at discounted prices. This is of particular benefit to local youth football teams, youth clubs and similar who can buy official Norwich City FC branded football kit, training wear etc. at a fraction of the cost of mainstream retailers. The club shop surplus wear that we sell is new but from discontinued lines.

**2.** Raising money for the Norwich City Community Sports Foundation (CSF), to assist them in continuing to provide benefits to those from disabled and disadvantaged backgrounds, through the running of football and other sports classes, in order to engage the community and keep people (especially young people) active.

**3.** Encouraging re-purpose of sports clothing. We provide fans of Norwich City FC with a way of recycling their old Norwich City replica kit. On The Stall City is a Norfolk Net-Zero Waste Champion.

#### 4. Providing a hub for all different types of fans to meet, no matter what their

**background**. On the Stall City creates an informal community meeting place for football fans from all backgrounds and clubs to attend the stall and talk football. In doing so we are creating a more inclusive community, by not discriminating and promoting positive self-esteem.

**5.** Contribution to historical archive. Whilst all profits are donated to the Community Sports Foundation, donations of rare and items of special interest are offered to the Norwich City Historical Society who are compiling an archive of historical artefacts to preserve for future generations of Norwich City and football fans.

**6. Supporting other community groups**. On the Stall City also sells merchandise provided by various Norwich City fan groups such as "Proud Canaries" who represent Norwich City fans from the LGBT+ community.

Donations of shirts and memorabilia from fans and others is an important part of our business model. As such, we wanted to formalise the way that we trade to provide our donors with confidence that their donations will make a difference.

It was with this in mind that On the Stall City became a "Community Interest Company" (CIC) (Company number 13575963) to formally "asset lock" all of our profits to ensure that they are donated to the Community Sports Foundation.

Our details and accounts are published by <u>Companies House</u> which we hope will provide adequate transparency to the hundreds of Norwich City fans who donate items to On the Stall City for resale to raise money for the CSF. We are also regulated by the <u>Office of the Regulator of Community</u> <u>Interest Companies</u>

In August, Rob Butler and Chris Goreham hosted an episode of BBC Norfolk's "The Scrimmage" from the stall. The podcast is still available to listen to here: <u>THE SCRMMAGE</u>
