

CDPAP Update **All FIs Must Apply for State Contracts**

This year's state budget made several changes affecting CDPAP fiscal intermediaries. It eliminated the marketing requirements and authorization process that FIs had to comply with over the past year. Instead, DOH will establish a procurement process that will begin on January 1, 2020.

DOH will develop a workgroup this year to help develop its criteria for selecting FIs for contract awards. Any FI providing services on or before April 1, 2019 is eligible to apply for a state contract. Such FIs will be deemed authorized to provide services unless they fail to submit applications or their applications are denied. More information and requirements will become available from DOH as the workgroup determines best practices and requisite criteria for FI selection.

Please [contact](#) our office with any questions related to the procurement process.
