ELIMINATION OF FISCAL INTERMEDIARIES

It appears that Governor Hochul and the Legislature are on the verge of adopting a state budget that will result in the elimination of the business operations of current CDPAP Fiscal Intermediaries by consolidating Fiscal Intermediary services under a single statewide FI.

After a failed registration process and RFO, the State now believes that the answer is dismantling the current system that consumers and their families rely upon.

The Governor and your Legislators should be contacted today with the message that the CDPAP infrastructure already exists and the focus should not be on dismantling this program. Rather, the focus should be on the DOH working with existing fiscal intermediaries, consumers and managed long term care plans to identify ways to create efficiencies and reduce fraud, waste and abuse.
