

Turnkey Coffee & Donut Trailer Business – Mobile Espresso Bar – Fully Equipped – Generator Included – \$50,000 OBO

We are selling our fully operational mobile coffee and fresh donut trailer business **Camp Café**.

This is a **complete turnkey mobile café business** that allows a new owner to begin operating immediately.

My wife and I built this business from the ground up while working full time in healthcare. It quickly became popular in our community and received great feedback everywhere we went.

Typical outings averaged **around \$500-\$750 in 6 hours**, and we completed private events generating **\$2000 in just four hours**.

Unfortunately our full-time hospital schedules no longer allow us the time needed to operate the business regularly.

We would love to see it go to someone who can enjoy running it and growing it even further.

Perfect for Events, Weddings, Festivals & Markets

Mobile espresso bars are becoming extremely popular at weddings, corporate events, festivals, and private parties.

This setup allows a new owner to offer:

- corporate event espresso bar
- festival coffee vendor
- farmers market coffee stand

Private events we completed generated **up to \$2000 in just a few hours**.

With espresso drinks, frozen coffee beverages, smoothies, and fresh baked donuts, the trailer can serve **high-margin specialty drinks and fresh baked goods at almost any type of event**.
