Belly Dancer

Drink mix for delicious cocktails and non-alcoholic drinks

pomegranate, lime, flower waters & fresh mint

This is a balanced sweet and sour drink that grows in complexity as you sip.

Floral and herbaceous notes add an intrigue the likes of which you might find at the Kasbah.

Works well both as a non-alcoholic beverage mixed with sparkling water,
or as a cocktail with vodka, gin, rum, tequila, bourbon or even a sparkling white wine.

See [here](#) for recipe suggestions, or you can experiment to find your perfect drink!
