

regarding Summer Dinner

A note from La Boca Chef/Owners

Dear people,

At the end of June we learned that our Mom, Cate, has a high grade glioblastoma - an aggressive brain cancer which will take her from us soon.

We've suspended our summer dinner series so Chef Liz can care for her and Chef Steven can fill the market with our dishes you love.

We ask for understanding and your good will as we navigate this very challenging time.

With thanks,
Liz, Steven & family.
