

**PORTAGE COUNTY SOLID WASTE
MANAGEMENT DISTRICT**

District Recycling Center

Anthony J. Badalamenti, Sabrina Christian-Bennett, Mike Tinlin

Release and Certifications for Residents

Use of the Portage County Drop-Off and CHaRM Facility requires you to agree to certain certifications and a release before unloading.

Release of Liability for Use of the Collection Center

For and in consideration of the privilege and service of dropping off materials at the Portage County Solid Waste Management District Drop-Off and CHaRM Facility, I hereby release, indemnify, discharge and hold harmless Portage County Solid Waste Management District, the Portage County Government, and its respective officers, directors, employees, contractors, vendors and agents from any and all liability, whatsoever, that may arise from injury, damage, or loss which I, or my executors, heirs, next of kin, successors, and assigns may incur related to use of the Portage County Solid Waste Management District Drop-Off and CHaRM Facility.

Household Hazardous Waste Certification

I certify that any household hazardous waste I have brought to the Portage County Solid Waste Management District Drop-Off and CHaRM Facility is from a household (single or multifamily) and was used for residential purposes. The hazardous waste was not used for a commercial or industrial purpose and is not from a government facility, medical office or facility, church, non-profit organization, school, church or farm.

Personally Identifiable Information Certification and Release

I hereby release, indemnify, discharge and hold harmless Portage County Solid Waste Management District, the Portage County Government, and its respective officers, directors, employees, contractors, vendors and agents from any and all liability that may arise from the inadvertent disclosure of any and all personally identifiable information (PII) that has not been removed or redacted from the materials being dropped off at the Portage County Solid Waste Management District Drop-Off and CHaRM Facility or from documents scanned during the process of dropping off materials.
