

## **What do the Pros say about Kyle Groves and his reading shows?**

**“Kyle has surprised and delighted children and families at the Pueblo City/County Libraries for many years. His show is highly entertaining and enjoyed by all ages and he promotes a love of reading and for libraries. He is extremely professional, flexible and always easy to work with. I look forward to having him back for many years to come.”**

**“Kyle has presented the Summer Reading Program for us for the past 5 years. Our library audiences are always filled with people of all ages– tiny tots to adults and the magic Kyle presents in his show keeps everyone clapping, entertained and anxiously awaiting for what comes next. We also take his show to day camps and the results are exactly the same. The guests love to see a good magician and he is a good magician.”**

**“ I can tell you first hand the Kyle is fantastic! He has been to our library several times and it’s always standing room only. We have had everyone from toddlers to grandparents and they all love him. What a wonderful show! A great way to emphasize the reading program. Kyle is definitely incredible!”**

**“ We have had the pleasure of having you perform at our library many times. We are always thrilled when we can have you be a part of our summer reading program. Beyond the pure fun of it, thank you for also including the all important literacy plugs. The show is always a success and engages and entertains everyone in attendance. We get a lot of excellent feedback from the parents who enjoy the show as much as the children. We are pleased to recommend Kyle to others needing reading shows. See you next Summer!”**

## **“More Comments”**

**“Our students love Kyle! I have been fortunate to bring him to my school for the past four years. Each time he has delighted our students with his magical antics. His magical performance includes music, comedy and audience participation that keeps our students (and teachers) entranced from the moment he begins. Kyle will tailor a program to your request. He changes his routines based on the age of the students. At our school Kyle encouraged student to Read To Succeed, all in a magic filled performance. The students were so excited by the program we reached a of 100% of the reaching their Accelerated Reading Goal.**

**“We are always looking for great shows to bring in for our end of the year celebration. Beyond the BMX and Skateboarders, it’s hard to find something that will excite and engage all kids 1st through 8th grades. Your show hit the mark! Both the younger and older kids enjoyed the show. The pace and clever tricks kept everyone on the edge of his/her seat and cheering for more. Thank you!”**
