

Awning Acrylic Fabric

Sunbrella

Professional Awning
Manufacturers Association

IAFI Industrial Fabrics
Association International

Solution dyed to give excellent fade and weather resistance. Available in a wide variety of colours and patterns. 46-60 inches wide, 9.25 ounces per square yard

Sunbrella fabrics are extremely durable, engineered to last two to ten times longer than conventional fabrics. Thanks to their extended life cycle, the long term environmental impact of Sunbrella fabrics is considerably lower.
