

BIOGH Issues First Construction Licence

14th July 2013 in **Construction & Engineering In Iraq, Iraq Industry & Trade News, Iraq Oil & Gas News**

By John Lee.

The **Basra Oil and Gas International Free Zone (BIOGH)** and its development managers **EPGI** have issued its first construction license to **Basra Mas Company** in relation to an initial 10 year construction programme.

Works commenced on site on the 9th July with handover to Basra Mas who this week began work on 230,000m² of site clearance with options for another two sections of the same size to be further instructed.
