An Order Expediting Mail Across the Border.

San Antonio Express.

During a recent trip to Mexico, Superintendent G. L. Touch-out of the midway mail service for this district, effected a treaty with the Mexican officials regarding the postal service between the two countries, which will prove of immense benefit to the United States.

The dispatching of mails into Mexico has been far from satisfactory for some time, owing to the fact that they were held on the border for twenty-four hours for purposes of inspection and making assessments on dutiable matter. Also the manner in which mail was sent from this country to this. The postal officials have been marking all mail passed to less of territory to one pouch, and the postal clerks are endeavoring to make the proper distribution.

The great bulk of the mail matter sent to Mexico goes through Nuevo Laredo, and is handled at that post-office. In order to partly exclude the delay of a mail train in Mexico, the postal officials are making a special pouch for the dutiable matter in packages that are marked. On this arrangement
