

LYNX-SAN-4

Disinfectant - Sanitizer

Description

Lynx-San-4 is an EPA-registered four-chain quaternary ammonium compound, formulated to sanitize surfaces in beverage, dairy, food, and meat operations. When used as directed, **Lynx-San-4** will reduce or eliminate a wide range of microorganisms.

Key Properties

- Effective disinfectant/sanitizer – reduces or eliminates most bacteria when used as directed. Eliminates off-odor.
- Easy to use – a convenient liquid, easily proportioned through sprayers and eductors.

Authorization/Approvals

Lynx-San-4 meets USDA requirements for category D2 – sanitizers for all surfaces, not always requiring a rinse.

EPA Registration No. 10324-81-3635

Technical Data

Color and Appearance	Red liquid
Relative Density	0.99
pH (Conc.)	6.5

Use Instructions

Must be used only as directed by the label.

Dispensing

Lynx-San-4 can be dispensed from the shipping container by pouring, pumping, or educting through DuBois equipment. Contact your DuBois sales representative for equipment options.

Material Compatibility

Lynx-San-4 is safe on steel, stainless steel, and soft metals such as aluminum, brass, chrome plate and copper. **Lynx-San-4** is also safe for use on painted surfaces and does not attack most plastics when used as directed.

Safe Handling and Storage

Before handling and using, the Material Safety Data Sheet/Safety Data Sheet should be read and understood by all personnel in contact with this product.

Disposal

Any disposal of this product should be in compliance with all federal, state and local regulations. All industrial solutions may require some treatment before discharge. DuBois offers full service disposal and compliance consultation, backed by a full range of treatment chemicals. Detailed information is available from your DuBois Representative.

Precautions

KEEP OUT OF THE REACH OF CHILDREN.
Please refer to the label and Safety Data Sheet information for all warnings, recommendation for safety equipment, and other regulatory information. Copies of the Safety Data Sheet information can be ordered by calling 800 438 2647.
