Dear Parents and Students,

Welcome to Saint Joseph Catholic School! I look forward to my second amazing and successful school year with you and your children. As Principal of St. Joseph Catholic School I am honored and humbled to again be your servant-leader and look forward to assisting you with fidelity and virtue. We are an integral part of Saint Joseph Catholic Parish and we have a tremendous opportunity to be part of a community that seeks to have the school flourish. We are a PreK through 8th grade Catholic elementary school within the Diocese of Tulsa in eastern Oklahoma.

In choosing Saint Joseph School, you have demonstrated a commitment to the values and philosophy of a Catholic Education. The Oklahoma Conference of Catholic Schools has granted Saint Joseph Catholic School full accreditation for the next six years. This status covers preschool through eighth grade. The Parent/Student Handbook reflects the policies of Saint Joseph School for the 2026-2027 school year. Please read this document carefully and sign the attached agreement. This agreement states that you intend to abide by the policies of Saint Joseph School during the 2026-2027 School year.

The faculty and staff forward to working with you to promote academic excellence and spiritual development in the context of the teachings of the Catholic Church. We are each called to our mission and to deepen our commitment to the virtues of faith, hope and charity that are the foundation of our school. As leaders we will strengthen our community by prioritizing relationships within our school to ensure that every voice is heard and valued. We are committed to accompanying parents as the primary educators of their children. May God bless all the members of the St. Joseph Catholic School community as we continue to minister to God's children and develop the leaders of tomorrow. We begin the 2026-27 school year with our two excellent St. Joseph Catholic Church parish priests, Father John O'Neill, Pastor and Father Allesandro Calderoni, Associate Pastor to assist us in our mission. This team will again help us to meet our goals of reaffirming our mission, expanding enrollment and strengthening our community. THE HISTORY OF ST. JOSEPH CATHOLIC SCHOOL

Celebrating over 135 years of Catholic education in Muskogee Oklahoma

- 1891- 1932 Nazareth Academy
- 1903 - 1955 St. Joseph Preparatory School
- 1921 - 1968 Sacred Heart School
- 1964 - 1968 St. Joseph Grade School
- 1968 - 1975 St. Joseph and Sacred Heart Schools combined and renamed Muskogee Christian Learning Center
- 1975 - present St. Joseph School

Catholic education was the first education to be established in Muskogee, eight years before public school, fifteen years before Oklahoma became a state! The Brothers of Sacred Heart of New Orleans and the Sisters of St. Joseph of Carondelet provided continuous Catholic Education for more than eighty years. The parishes of Assumption and Sacred Heart shared the common goal of spreading the Catholic faith and establishing a sense of unity. Sacred Heart and St. Joseph Schools consolidated in 1968. St. Joseph was restored to its former name in 1975. In 1982 as enrollment increased and a need for more space became imminent, necessary renovations were made to the old gymnasium. The cafeteria, classrooms and Gier-Foken Hall were established. Thanks to the generosity of Mary Catherine McCusker, three new classrooms for the addition of Middle School and new office space were completed in January of 1992. The Lawrence Francis Rooney Library funded by the family was added in 2005. St. Joseph, in the tradition of Catholic education, reinforces Christian values by building a faith community that tends to the social, emotional, physical and spiritual needs of its students.

Non-Discrimination

St. Joseph Catholic School admits students of all races, colors, national and ethnic origins to all rights, privileges, programs, and activities generally made available to students at the school. The school does not discriminate on the basis of race, color, national or ethnic origin in the administration of its educational policies, admissions, scholarship programs, or school-sponsored activities.

Family Contribution & Financial Assistance

At St. Joseph Catholic School, we believe every child should have the opportunity to receive a quality Catholic education. The actual cost of educating each student is significantly higher than the amount families contribute through tuition. Thanks to the generosity of our parish, donors, fundraising efforts, and scholarship programs, families pay only a portion of the total cost of a St. Joseph education.

We are committed to working with families to make a St. Joseph education affordable through a variety of financial assistance opportunities.

Family Contribution

Each family is responsible for meeting its annual financial agreement through the approved payment plan. Family contribution rates and fees are established annually by the Principal and individual family.

Tuition Assistance

St. Joseph Catholic School offers several financial assistance opportunities to help make Catholic education affordable. These may include

- Parish Assistance

Parents and legal guardians are always encouraged to reach out to the school should any problems arise. Don't forget, we are here to help your student succeed and become their best version academically and spiritually.

Diocese of Tulsa Anti-Bullying Policy

As Catholics we believe that everyone is created by God and loved by God. As followers of Jesus, we are called to value other people's dignity and treat them with respect just as Jesus did with regard to all people. Bullying of any kind goes against our call to be like Jesus and it is never acceptable. The Diocese of Tulsa and Eastern Oklahoma is committed to providing all students with a safe school environment in which all members of its community are treated with respect. We believe that protecting against and addressing bullying is critical for creating and maintaining a safe, secure positive school climate and culture, supporting academic achievement, increasing school engagement, respecting the rights of others, and upholding our Catholic values.

Definition- For the purpose of this policy, "bullying" means a pattern of deliberate or intentional behavior involving the use of words or actions that are intended to cause fear, distress, intimidation, seclusion, or harm. Bullying is a repeated behavior or pattern of behavior and may involve an imbalance of physical, social, or psychological power. Distinguishing the difference between normal social ups and downs, negative social behaviors such as meanness and rudeness, and actual bullying can be difficult.

Therefore, some common forms of bullying are listed below:

1. Verbal (e.g., using threatening or intimidating language, insulting, teasing, sarcasm, or name calling)

2. Social (e.g., spreading rumors, ostracizing, socially excluding others, influencing friendships, or scapegoating)

3. Physical (e.g., physical acts and gestures including hitting, kicking, tripping, theft, interfering with or damaging others property, threatening or intimidating behaviors)

4. Cyberbullying (e.g., misusing the internet, social media sites, mobile phones, or other digital technologies to tease, intimidate, humiliate, defame, threaten, harass, or stalk another person.)

Behaviors that do not constitute bullying include:

- Mutual arguments and disagreements (where there is no power imbalance)
- Not liking someone or a single act of social rejection
- Isolated incidents of aggression, acts of meanness, or spite

These conflicts, although not considered bullying, still need to be addressed and resolved.

Reporting Procedures- School administration and teachers are not always present to witness incidents or areas of concern, and therefore can only intervene when they are informed about them.

1. Any student who believes that he/she has been the victim of bullying should report the act immediately to a teacher or to any other school employee.

2. Any bystander or witness who has knowledge of or observes bullying of another student must promptly report the bullying to a school staff member.

3. Any teacher, staff member, or school employee who suspects, has witnessed, received a report of, or has reliable information that a student has been subjected to bullying or suspected bullying as defined above must promptly report such an incident to the school administration.

4. Retaliation against a victim, a good faith reporter, or a witness is prohibited and may result in remedial or disciplinary action.

5. False accusations or reports of bullying are prohibited and may result in remedial or disciplinary action.

Investigation- Reports of bullying and disciplinary actions taken as a result of bullying are classified as private and confidential information. Upon receipt of a report or complaint of bullying the building principal (or designee) will initiate an investigation of the alleged incident in as confidential manner as possible. The investigation may consist of personal interviews with the complainant, individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident or circumstances giving rise to the complaint. The investigation must be documented. If an investigation concludes that a student has engaged in

bullying conduct, the administration will determine the consequences on a case-by-case basis. Bullying behavior can take many forms. Accordingly, there is no single, appropriate response to substantiated acts of bullying. The administration is not to disclose any disciplinary action taken against an alleged bully due to confidentiality.

Intervention Procedures- Upon completion of the investigation the administration will take appropriate action. Consequences and appropriate remedial interventions for students who commit acts of bullying could include, but are not limited to the following:

- Conference with student
- Conference with parent/guardian
- Positive behavioral strategies
- Restriction of privileges
- In-school suspension
- Detention
- Referral to school or outside counselor
- Financial restitution for damaged property
- Suspension
- Involvement of local authorities
- Expulsion

In determining the appropriate response to students who commit one or more acts of bullying, school administrators should consider the following factors:

- The development, maturity levels, and/or special learning needs of the parties involved
- The level of harm and severity of the behavior(s)
- The surrounding circumstances
- The nature of the behavior(s)
- Past incidences
- Past or continuing patterns of behavior
- The context in which the alleged incident(s) occurred.

The goal of disciplinary consequences or remedial interventions will be to try to deter future violations and to appropriately discipline prohibited behaviors in an effort to help the bully (or bullies) to treat others with respect and dignity. The objective of actions taken should be to help the student(s) responsible to receive redemption, learn from the past, and refrain from bullying others in the future.

Summary- While bullying as defined in this policy will generally warrant disciplinary action against the student(s) responsible for the bullying, whether and to what extent disciplinary action is required is at the discretion of the building administrator (or designated person). Any remedial or disciplinary action will be designed to correct the problem behavior, prevent future occurrences of such behavior, protect the victim, provide support and assistance to the victim and the perpetrator, and prevent the likelihood of retaliation. Nothing in this policy prevents the

school from taking remedial or disciplinary action against a student for inappropriate school behavior that fails to respect the dignity of others or their property, but does not meet the definition of bullying or cyberbullying.

Technology, Electronic Devices, Internet, and Digital Citizenship Policy

Technology is an important part of learning and communication. At St. Joseph Catholic School, we believe technology should be used responsibly, respectfully, and in ways that reflect our Catholic values. Students are expected to use all electronic devices, the internet, and social media in a manner that demonstrates honesty, kindness, integrity, and respect for others both on and off school grounds.

This policy applies to all students while on school property, traveling to and from school-sponsored activities, participating in school events, and when off-campus behavior involving technology substantially disrupts the educational environment or affects the safety, reputation, or well-being of students, staff, or the school community.

Student Health, Safety, and Emergency Procedures

At St. Joseph Catholic School, the health, safety, and well-being of every student is one of our highest priorities. We are committed to providing a safe, caring, and faith-filled learning environment where students can grow academically, spiritually, emotionally, and physically.

Parents and the school share the responsibility of keeping students healthy and safe. We ask families to provide current medical information, emergency contacts, and any updates regarding their child's health throughout the school year.

Illness at School

A student who becomes ill during the school day will be cared for in the school office until a parent or emergency contact can be reached. To help protect the health of all students and staff, children should remain home if they are experiencing symptoms of a contagious illness, including:

- Fever
- Vomiting
- Diarrhea

- Rash of unknown origin
- Symptoms of a contagious disease

Students should be fever-free for at least 24 hours without the use of fever-reducing medication before returning to school unless otherwise directed by a healthcare provider. If a student becomes seriously ill or injured, the school will make every reasonable effort to contact the parent or emergency contacts immediately.

Medications

Whenever possible, medications should be administered at home. If medication must be given during the school day:

- Prescription medications must be in the original pharmacy container with the student's name, medication name, dosage, and prescribing physician.
- Over-the-counter medications must be in the original unopened container.
- A parent or guardian must complete any required medication authorization forms before medication can be administered.
- Students may not carry or share medication unless specifically authorized by the Principal, administrators, or teachers and supported by appropriate medical documentation.

Medical Emergencies

If a student experiences a medical emergency, school personnel will provide appropriate first aid and contact the student's parent or guardian as quickly as possible. If emergency medical care is necessary, the school may contact emergency medical services (911) before a parent or guardian arrives. Parents are responsible for keeping all emergency contact information current throughout the school year.

Counseling and Student Support

Students sometimes experience academic, emotional, social, or personal challenges. St. Joseph Catholic School is committed to supporting the whole child. Students may receive support through the school counselor, teachers, administration, parish staff, or outside agencies when appropriate. Parents will be contacted whenever additional support or referrals are recommended. A referral may be made to Green Country Mental Health.

School Safety

Student safety is everyone's responsibility. Students are expected to:

- Follow directions from teachers and staff immediately.
- Report unsafe conditions or behavior.
- Keep hands, feet, and objects to themselves.
- Use school equipment appropriately.
- Treat all members of the school community with dignity and respect.

Behavior that threatens the safety of others may result in disciplinary action.

This includes, but is not limited to, backpacks, lockers, purses, cell phones, electronic devices, and other personal belongings. Emergency Preparedness

St. Joseph Catholic School maintains emergency response procedures for situations including:

- Fire
- Severe weather
- Tornadoes
- Lockdowns
- Building evacuations
- Other emergencies

- St. Joseph Church
- St. Joseph Parish Hall
- School playgrounds

Parents will receive instructions regarding student reunification as quickly as circumstances allow.

- Enter through the main east facing doors off Virginia St.
- Sign in at front receiving desk upon arrival.
- Wear a visitor badge while on campus.
- Sign out before leaving.

Parents are asked not to visit classrooms during the instructional day unless arrangements have been made with the teacher and Principal. Students wishing to bring a guest to school must receive written approval from the Principal at least 24 hours in advance.

Our volunteers play an important role in the St. Joseph community. All volunteers must:

- Complete required diocesan background screening.
- Complete Virtus Safe Environment training.
- Follow all school safety procedures.

The school will follow all legally binding custody orders on file.

Student Release During the School Day

For student safety, students may only be released to a parent, guardian, or other individual authorized by the parent. Anyone picking up a student during school hours may be asked to present identification. Students must be signed out through the school office before leaving campus.

- Keep emergency contact information current.
- Inform the school of medical conditions or health concerns.

By working together, we create a safe, caring, and Christ-centered environment where every student has the opportunity to learn, grow, and thrive.

Head lice

4.3 Pediculosis (Head Lice) and Attendance at School

According to Oklahoma State Law (70-O.S. 1981, Section 1210. 104A), “Any school child afflicted with an contagious disease or head lice maybe prohibited from attending a public, private or parochial school until such time as he/she is free from the contagious disease or head lice”.

The school will notify parents if an outbreak occurs. Head checks will be done on all classroom students for lice/nits within two days after a discovery. With the presents of nits or lice at the time of recheck, the student will continue to be absent from school. Parents are responsible for treatment of their student. Before returning back to school students must present documentation from a medical professional that they are no longer contagious.

Allergy Policy

St. Joseph Catholic School is committed to providing a safe and supportive learning environment for all students. It is imperative that parents/guardians inform the school administration of any known allergies their student may have, including but not limited to food allergies, pet allergies, environmental allergies, medication allergies, or any other conditions that may require special consideration.

Parents/guardians are responsible for providing the school with accurate and updated allergy information, including any necessary medical documentation, emergency action plans, and required medications such as epinephrine auto-injectors (EpiPens). All allergy-related information will be maintained securely in the school office and will be made available to appropriate staff members to ensure the safety and well-being of the student.

School staff will be informed of student allergies and will work to accommodate students with allergies whenever reasonably possible. While the school will make every effort to reduce exposure risks, it cannot guarantee that all allergens will be completely eliminated from the school environment.

School activities, classroom celebrations, parties, and food-related events may be modified when necessary to accommodate students with known allergies. Parents/guardians may be asked to provide additional information or alternative options to help ensure their student’s safety during these events.

In the event of a suspected allergic reaction, the school will immediately initiate its emergency response plan. Emergency Medical Services (EMS) and the student's parents/guardians will be contacted immediately. School personnel will provide appropriate care and follow emergency procedures based on the student's documented allergy information and emergency action plan.

The safety of our students depends on open communication and partnership between families and the school. Parents/guardians are encouraged to notify the school promptly of any changes to their student's allergy information, medical needs, or required emergency medications.
