TRANSFORM YOUR LEADERSHIP IN ONE POWERFUL DAY

An immersive, high-impact experience designed for technical professionals ready to step into executive leadership. This intensive day combines strategic insight, authentic leadership development, and actionable frameworks to accelerate your journey from technical expert to executive leader.

WHO IS THIS FOR?

Senior technical professionals (architects, senior engineers, technical managers) targeting director or VP roles

Technical directors ready to transition to C-suite positions

High-performing tech leaders who feel stuck at the "technical expert" ceiling

Professionals who know they're ready for more but need clarity on how to get there

WHAT YOU'LL ACHIEVE

- Executive Presence Clarity: Discover and embody the authentic leadership style that commands respect and inspires confidence at the executive level
- Strategic Communication Mastery: Learn to translate technical complexity into compelling business narratives that influence C-suite decisions
- Your Personal Tech to Exec Blueprint: Walk away with a customized 90-day action plan to position yourself for your next executive role
- Boardroom Navigation Skills: Gain insights into the unspoken rules of executive-level dynamics, decision-making, and influence
- Career Acceleration Strategy: Identify and eliminate the hidden barriers holding you back from director and C-level opportunities

WHAT'S INCLUDED

- Full-Day Intensive Session: Transformational group experience with maximum 20 participants
- Interactive Group Learning: Benefit from diverse perspectives and shared experiences with fellow technical leaders
- Your Tech to Exec Blueprint: Personalized 90-day action plan with specific milestones
- Executive Positioning Toolkit: Templates, frameworks, and resources for immediate implementation
- Private Group Chat Access: 30 days of continued support, Q&A, and accountability with Tamlynn and your cohort
