Event Description: The Maritime Interdiction Operations course, offered by the United States Naval Sea Cadet Corps, is an intensive training program designed to simulate the critical operations conducted by the Coast Guard's Maritime Security Response Team and Tactical Law Enforcement Team. This course provides cadets with a foundational understanding of the principles of maritime interdiction, focusing on the skills and knowledge required to perform operations aimed at securing the maritime domain. Cadets will engage in a series of lessons covering mission planning, military communications, weapons handling, vessel clearing operations, detainee operations, sensitive site exploitation, and night operations. Conducted at the Navy Reserve Center in Milwaukee, WI, and incorporating real-world scenarios within buildings and on vessels, the course offers a hands-on, immersive experience. Cadets are divided into two six-person teams, fostering an environment that emphasizes teamwork, leadership, and decision-making. This setup ensures that each participant gains practical experience in executing missions, operating in a disciplined and structured environment akin to actual maritime security operations.

Event Notes: See the [Welcome Aboard Letter](#) for more information regarding berthing, readiness, medical, reporting, etc. Cadets should be highly mature and be able to meet "EXCELLENT" standard for the Physical Readiness Test (PRT) and will be tested upon arrival to training.

Lodging Notes: Cadets will berth at the NOSC in Milwaukee and will be provided cots. They must bring sleeping bag and pillow; light blanket also recommended.

Travel Notes: Flyers will travel to Milwaukee Mitchell International Airport; cadets will not be shuttled by the training upon arrival; upon departure, cadets will be shuttled.

Training Requirements: Prerequisites: Staff cadets: minimum of PO2 and have experience with Maritime Interdiction Ops & Law Enforcement Or similar trainings, either national or through local unit training, CG ops, or other advanced training

What happens next:

After you have submitted the application, your cadet's Registration Status (see slide 6) will change from "Not Registered" to "Applied." You will receive an email from MagellanSupport indicating the application has been applied. Check your spam/junk mail folder if you do not see the email.

The Commanding Officer will review the application. If all prerequisites are met and the cadet's record has been updated, the application will be submitted. You will receive an email from MagellanSupport indicating the application has been "Submitted."

The Training Command will review the application. If there is an available spot and the application and cadet's record is complete and updated, the application will be "Confirmed." You will receive an email from MagellanSupport indicating the application has been "Confirmed." This DOES NOT mean your cadet is fully registered –

You must pay the training fee first. Refer to the Welcome Aboard Letter/Packet for specific payment instructions. Some trainings accept electronic payment. Some require a mailed money order. Follow the instructions exactly.

Some trainings require you to fill out additional forms and pay within 48 hours. If you do not do this, they will unconfirm your cadet and give the spot to another cadet. Check your email often after you apply for a training.

Once payment has been received and all additional forms (if required by the Training Command) have been submitted, the Training Command will "Approve" the application. Only then is your cadet guaranteed attendance to the training. You will receive an email from MagellanSupport indicating the application has been "Approved."

Welcome Aboard for 2025 Summer Recruit Training

*** RECRUITS ***

Because of the short duration for this summer's Recruit Training, there will be a virtual component that **must be completed** in order to get full credit for this training.

Prior to arriving at Recruit Training (RT), there will be a minimum of one group Zoom meeting. These meetings will be conducted to set expectations, answer any questions, and provide essential information for a successful RT experience. **ATTENDANCE AT THESE SESSIONS IS MANDATORY!**

Recruits are expected to familiarize themselves with all aspects of the Recruit Orientation (RO) materials. Upon arrival at RT, a pre-assessment will be conducted to evaluate recruit knowledge and understanding.

Consequence of not following these directions

Apply for Training

If you have questions:

First – check with the unit’s Administrative Officer (AO). The AO will attempt to resolve the issue and/or work with the Commanding Officer (CO).

AO: ao.111bmo@seacadets.org

CO: k.lynn@seacadets.org

Second – if the Welcome Aboard Letter/Packet directs you to make contact with a member of the Training Command, you may do so. You should do this only after working with the AO and CO. If a timely resolution is not achieved with the Training Command, contact the CO for help communicating with the Training Command.

Finally – make travel arrangements and review the seabag list immediately! You may need to purchase required items or ask for additional uniform items from the Supply Officer. **DO NOT WAIT UNTIL THE LAST MINUTE TO DO THIS.** If your cadet reports to training without all required items, there is a very high probability that they will be sent home with no reimbursement.
