Illustrated stories, play & FLN

Introduction of ReaD-DeaR

The core objective of ReaD-DeaR is to improve the reading habits, improve power of imagination and provide remediation to the students in Fundamental Literacy and Numeracy (FLN)

The approach is to provide students with visuals with text to narrate tales, typically inspired by mythology, folklore, history, or everyday life and take them towards FLN

Other objective is to promote personal growth and character development by encouraging self-discovery, self-discipline, leadership and social-emotional learning.
