

## 21 Days Residential Summer Camp for Studies

Academic Enrichment and Remediation to students to become school ready for the next academic year

### Introduction of Residential Summer Camp for Study

The core objective of Summer Camp is to provide academic enrichment to students good in studies and remediation to the students weak in studies in Science, Math & English subjects.

Other objective is to promote personal growth and character development by encouraging self-discovery, self-discipline, leadership and social-emotional learning.

Residential Summer Camp is conducted for the students who are currently in 9<sup>th</sup> standard and going to be admitted in 10<sup>th</sup> standard in the next academic year.

### Why study in a Camp? (Benefits of Study Camp to students)

- Individual study as well as study in Group - Makes the learning faster and effective.
- Imbibe Self-discipline - Readiness for Life Challenges.
- Accustom to healthy eating habits (HEH) \*HEH is mentioned by many organizations. We refer to six HEH mentioned in the flyer.
- Achieve developments – Physical, Mental, and Spiritual through various activities.
- Living together and habit of sharing (Team Work) – Brings openness in an individual.
- Learn full day engagement with relaxation technique.
- Relieve from unfruitful habits like watching mobiles, spending time on social media.
- 50%-60% syllabus covered in 21 days which brings great results in First term exams
- Reading skill improvement.
- Overcome fear of exams with the boost in confidence.

### Benefits of Summer Study Camp to Schools

- School will get outstanding results.
- Post the camp, students will complete all subjects within about 3 to 4 months and have plenty of spare time to apply subjects studied.
- School will have plenty of time to train up weaker students (who did not attend)
- School can focus on moderate level students (who did not attend)
- Students will have spare time for competitions in sports and Debates, Quiz etc. which will bring laurels to the school.
- Students are trained in leadership and value based living by inspired teachers.
- School will get great credibility by associating with an esteemed institutions.
- Students will make intelligent judgements and take conscious decisions.
