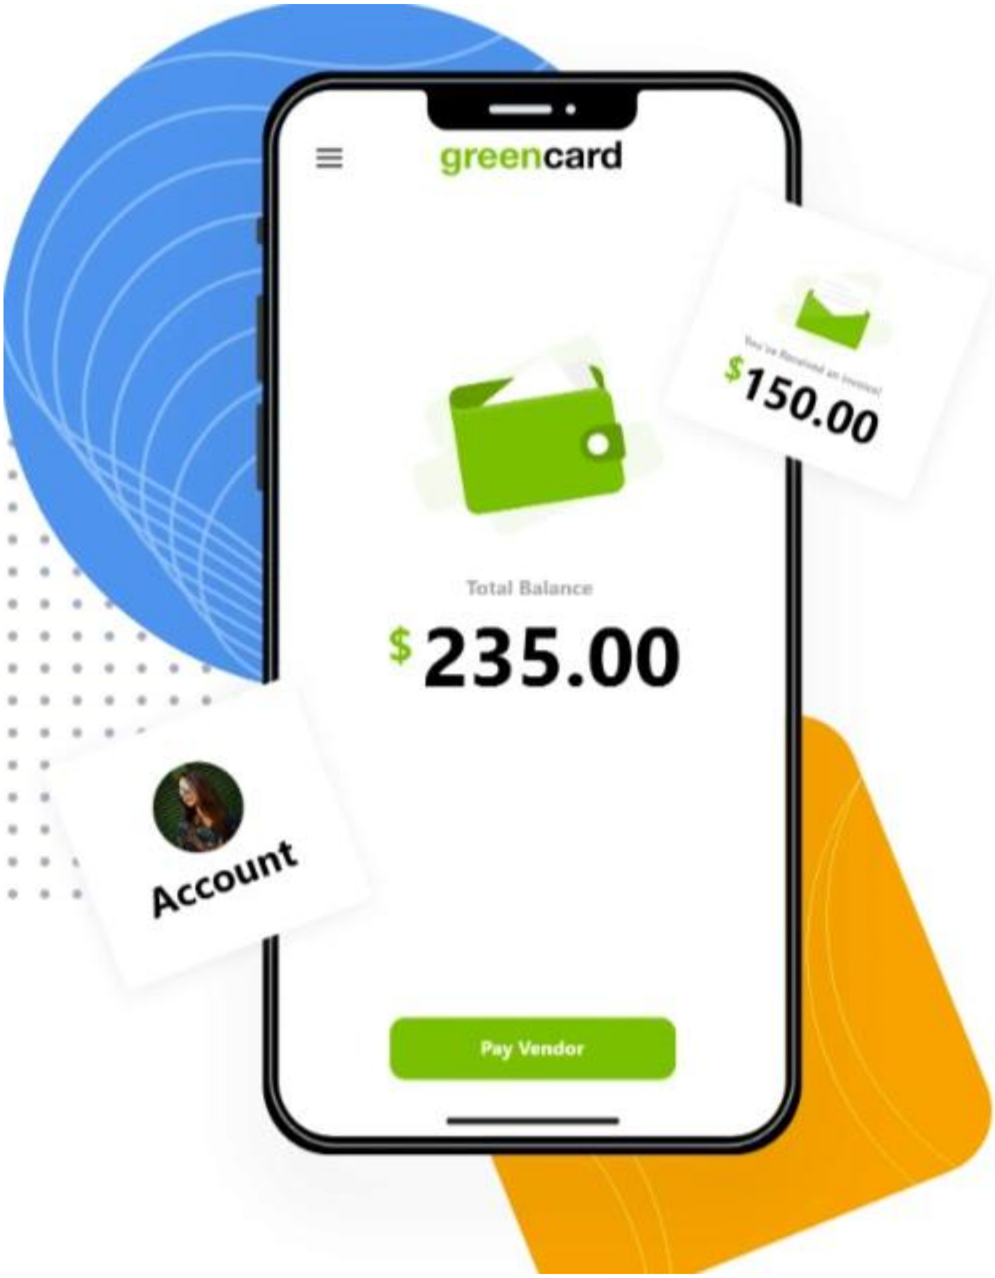
The new standard in Cannabis payments

Simplify your payments at cash-only establishments with Greencard. Our simple platform makes it easy to pay with a digital wallet at retailers, with all the security and convenience your money deserves.

Introducing Green Card: A Game-Changer for Cannabis Payments

Green Card is a secure and lightning-fast digital wallet that enables customers to instantly pay for cannabis purchases using funds directly from their bank account. Green Card offers a streamlined solution for cannabis businesses looking to reduce cash transactions while providing a better customer experience.



We have processed over $1 Billion in transaction Volume

*(all the below are common terms for the same thing) A2A Payment Platform

*ACH payment processing-the transaction is settled through Automated Clearing House network

*Bank-to-bank transfer-A simple consumer-friendly description.

*Digital wallet payment-If the customer funds or initiates the payment through a wallet app.

*Pay-by-bank-A newer industry term thats become increasly common.

*Open banking payment-Used when the customer securely connects their bank account to authorize the payment.

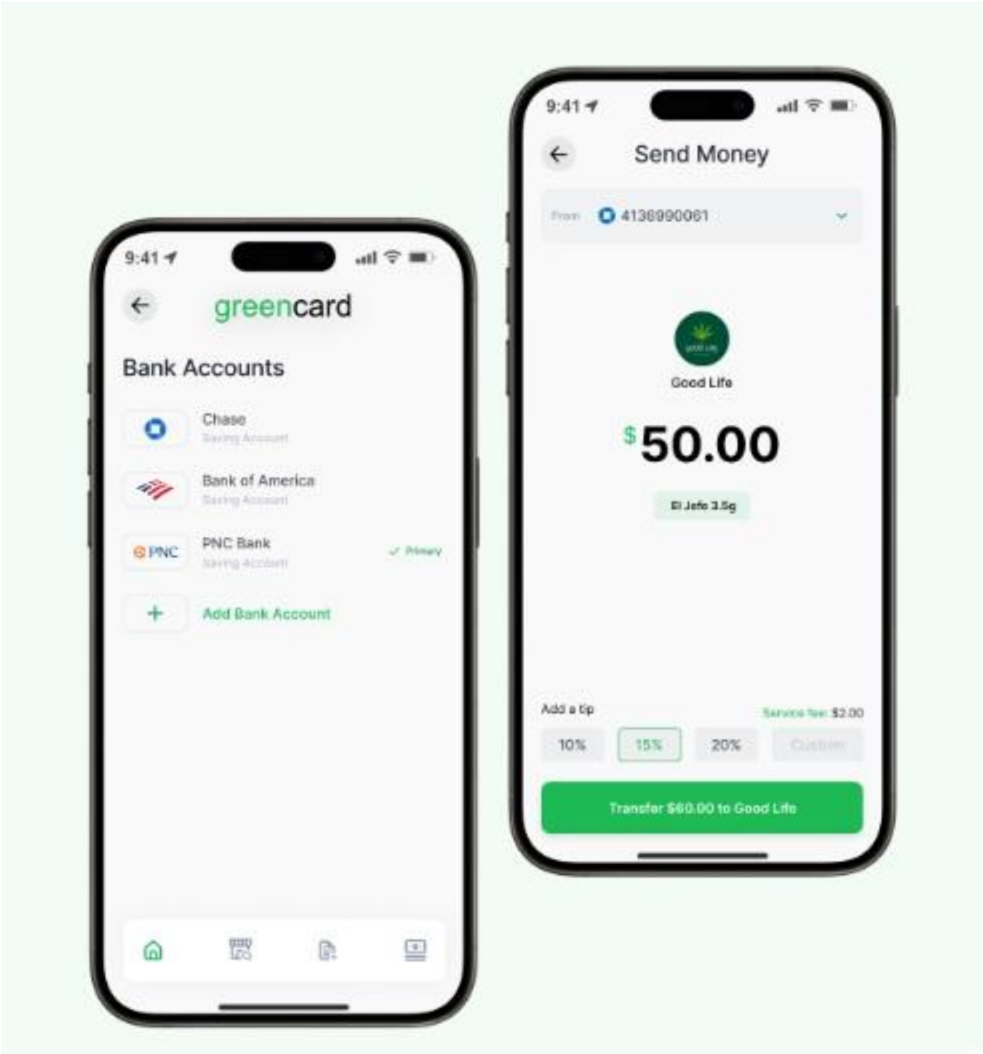
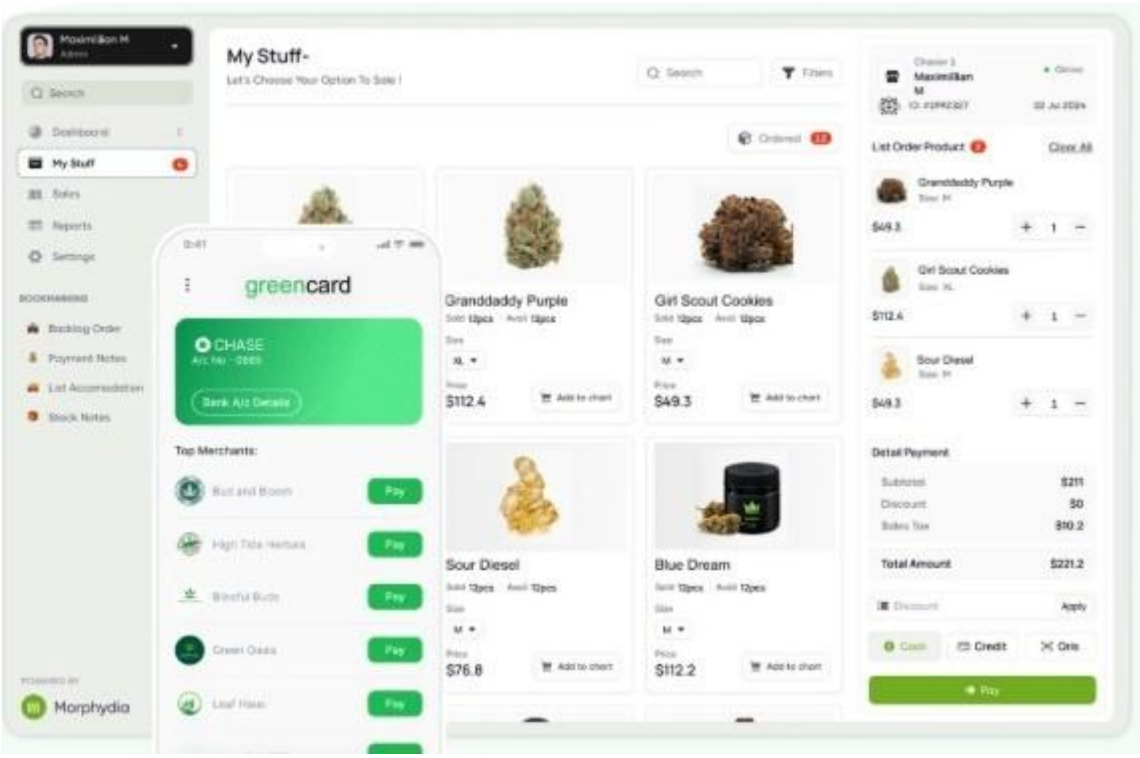
14. Cashless ATM (Generic) Compliance Risk — Legacy

15. Generic PIN-Debit ('Pharmacy Code') Compliance Risk — Legacy



E-commerce

Greencard integrates smoothly with online platforms, enabling businesses to accept digital payments securely and without hassle. Its simple setup and affordable transaction fees make it the perfect choice for driving online sales while maintaining financial control.



Reliable and Compliant

Unlike other solutions, Green Card is fully compliant with cannabis regulations, ensuring you won't face shutdowns or interruptions that force you to revert to cash-only transactions. With Green Card, you can run your business confidently.

Safe and Secure Transactions

Every customer account undergoes full KYC (Know Your Customer) and AML (Anti-Money Laundering) checks. All transactions are 2048-bit encrypted and securely stored, ensuring total privacy and security for your business and your customers.

Industry estimates indicate that ACH payments now account for approximately **28% of cannabis transactions in 2025**, with adoption projected to reach **more than 40% by the end of 2026**.

Why the shift?

Many dispensary operators are looking for payment solutions that provide greater long-term stability while reducing their dependence on cash. As a result, ACH has become one of the fastest-growing payment methods in the industry.

Platform Highlights
