

Heavy Duty Expansion Anchor

- Features: The 3pcs Heavy Duty Shield Anchor can be used in a variety of scenarios and different environments. For example, our 3pcs Heavy Duty Shield Anchor is more suitable for fixing heavy loads, such as beams, columns, and mechanical equipment. Due to the proper size and compact design, it can be placed everywhere in order to help release space of limited places. As an ideal item, it can also widely used in the construction industry, bridge construction, and mechanical equipment.
- Standard Material: Yellow Zinc Plated
