# Product Information

## Product Description

**pH3 Clean Scents Lavender** is a ready-to-use multipurpose cleaning solution made from a low-pH electrochemically produced aqueous medium using sodium chloride electrolyte processing. A trace amount of Lavandin Grosso essential oil is added to the finished solution for lavender aroma and product character.

This finished product is formulated as a **stable and storable** ready-to-use cleaner for routine cleaning and freshening.

## Technology Statement

Produced using Advanced High-Amp Dual Polarity Electrochemistry Ion Isolation Using Sodium Chloride Electrolyte Injection for production of dual functional electrochemical solutions.

## Ingredients

- Water
- Sodium chloride
- Lavandin Grosso essential oil

Optional room-freshening direction  
Spray lightly into open air to freshen the space.  
Do not spray toward face or eyes.

[pH3cleanscents.com](http://pH3cleanscents.com)

## Finished Product Composition Note

Contains a trace amount of Lavandin Grosso essential oil, approximately 1/4 fl oz per gallon of ready-to-use solution

## Directions for Use

- Use as supplied. Do not dilute.
- Apply to the surface to be cleaned.
- Wipe with a clean cloth, towel, mop, or other suitable cleaning material. Repeat as needed for routine cleaning and surface freshening.

### Storage

Store tightly closed in the original container.  
Store under normal ambient conditions.  
Protect from contamination by keeping container closed when not in use.

### Handling

For external household or commercial cleaning use only.  
Do not ingest.  
Do not mix with other cleaning products, chemicals, or fragrances.  
Avoid direct contact with eyes.  
Keep out of reach of children.

### Notice

This product is not a pesticide and makes no pesticidal claims.
