## "ABOUT THE FUZZ TEAM"

Created as "SKUNKY VIBES" back in 2014 Evolving into the famous "FUZZFM".

After losing a dear friend and colleague we took a Hiatus for 12 months and things just kinda fizzled out.

Relaunched with a new team of very close friends as "COSMIC FUZZ FM" with a more Spacey and cosmic feel but NOT straying far from our original path and roots of "FUZZFM"

Three of us are Avid surfers since childhood, living on the coast is a great bonus. We are keen ambassadors and supporters of SAS (Surfers against Sewage) and sponsor "Toes to the Nose" - Surf wax. Go with the flow, flowing with the Fuzz 24/7
