

Fall Market Vendor Policies

October 17, 2026 | Severe-weather date: October 18, 2026 | 10:00 AM-2:00 PM

Event Date and Hours

The Fall Market is scheduled for Saturday, October 17, 2026, from 10:00 AM to 2:00 PM. The designated severe-weather date is Sunday, October 18, 2026.

This is a rain-or-shine outdoor event. Vendors should be prepared to participate in ordinary fall weather, including rain, cold, heat, or wind.

Weather and Severe-Weather Date

If the event organizer determines that conditions on Saturday are unsafe because of severe weather, dangerous winds, lightning, flooding, governmental restrictions, street conditions, or another emergency, the market may be moved to Sunday, October 18.

The decision to use the Sunday date will be communicated to vendors by Thursday, October 15. The organizer also reserves the right to delay, modify, or cancel the market at any time if conditions become unsafe after the initial weather decision.

Vendors are registering with the understanding that they should be available for both dates. A vendor's inability to participate on Sunday does not qualify for a refund or future credit.

If unsafe conditions prevent the market from being held on both dates, the event may be canceled. Vendor fees will remain nonrefundable because expenses - including advertising, entertainment, music, permits, rentals, administration, and promotional services - are committed in advance and may not be recoverable.

If circumstances allow, the organizer may choose to offer a partial credit toward a future event. Any such credit will be offered solely at the organizer's discretion and is not guaranteed.

The event organizer is not responsible for weather-related loss, damage, reduced attendance, travel expenses, lost sales, or other costs incurred by a vendor.

Registration and Payment

Submission of an application does not guarantee acceptance. A vendor's space is reserved only after the application has been approved and full payment has been received.

Vendor fees are nonrefundable. However, if a vendor provides written cancellation notice at least 14 days before the market, the amount paid may be credited toward the following year's Fall Market.

Credits are nontransferable and may be used only by the originally registered vendor. Cancellations received fewer than 14 days before the market - including cancellations caused by illness, scheduling conflicts, transportation problems, weather concerns, or inability to attend the Sunday date - will not qualify for a refund or future credit.

Setup and Market Hours

Vendor arrival and setup instructions will be provided before the event. All booths must be completely set up and ready for customers by 9:30 AM so event photography, video, social media coverage, and other promotional activities can begin before the market opens.

All vehicles must be removed from the vendor area by the designated time.

Vendors must remain open and fully staffed from 10:00 AM until 2:00 PM. Vendors may not begin packing, removing merchandise, bringing vehicles into the market area, or tearing down their booth before 2:00 PM.

Early teardown is permitted only when specifically authorized by the event organizer because of an emergency or unsafe conditions. Vendors who tear down early without authorization may not be invited to participate in future markets.

Promotional Materials

Vendors who wish to be included in all event advertising and social media promotion must submit their business name, logo, social media links, and clear product photographs no later than October 1.

Materials received after October 1 may not be included in all promotional content. Submission of materials does not guarantee that every logo, photograph, product, or vendor will appear in every advertisement.

By submitting promotional materials, the vendor confirms that they own or have permission to use those materials and grants the event organizer permission to use them to promote the current market and future editions of the event.

Photography and Recording

Participation in the Fall Market constitutes permission for the event organizer and its representatives to photograph, film, and record the vendor's booth, products, representatives, and market activities.

Photographs and recordings may be used without additional compensation in social media, websites, advertising, press coverage, and other promotional materials for the current market and future events.

Vendors are responsible for informing their employees, assistants, and anyone else working in their booth that photography and recording may occur.

Tents, Displays, and Street Safety

Because the market takes place on a public street, stakes may not be driven into the pavement, sidewalks, curbs, or surrounding property.

Vendors are responsible for safely securing their tents, canopies, signs, merchandise, and displays without using stakes. Equipment must be positioned so that it does not create a tripping hazard or interfere with neighboring booths, sidewalks, entrances, fire lanes, emergency access, or customer walkways.

Vendors may not attach tents, signs, or displays to buildings, vehicles, trees, street fixtures, or another vendor's equipment without permission.

The event organizer may require any tent, canopy, sign, display, electrical cord, or piece of equipment considered unsafe to be corrected, lowered, or removed. Failure to maintain a safe booth may result in removal from the market without a refund.

Booth Equipment and Electricity

Vendors are responsible for providing their own tables, chairs, tents, displays, extension cords, and other booth equipment unless otherwise stated.

Electricity is not guaranteed and may be used only with prior approval. Vendors approved for electrical service must provide outdoor-rated extension cords and safely secure or cover all cords.

Generators may not be used without advance approval from the event organizer.

Products and Vendor Conduct

Only products approved through the vendor application may be displayed or sold. Vendors may not substantially change their product category after acceptance without prior approval.

The event organizer reserves the right to remove products or displays that are unsafe, illegal, counterfeit, offensive, or significantly different from those represented in the vendor's application.

Vendors and their representatives are expected to behave professionally and respectfully toward customers, neighboring businesses, other vendors, volunteers, and event staff. Harassment, threatening behavior, or repeated failure to follow event instructions may result in removal without a refund.

Licenses, Taxes, and Insurance

Each vendor is responsible for obtaining any licenses, permits, insurance, or health-department approvals required for their business or products. Vendors are also responsible for collecting and reporting all applicable sales taxes.

Food and beverage vendors must comply with all applicable health and food-safety requirements and provide requested documentation before the event.

Responsibility for Property

Vendors participate at their own risk and are responsible for their merchandise, equipment, money, vehicles, displays, and personal belongings.

The event organizer, property owners, sponsors, participating businesses, employees, and volunteers are not responsible for theft, damage, injury, weather-related loss, reduced attendance, or interruption of business, except where liability cannot legally be excluded.

Organizer's Authority

The event organizer reserves the right to assign booth locations, adjust the market layout, modify event procedures, use the designated severe-weather date, and make other changes reasonably necessary for public safety and successful event operation.

Failure to follow these policies may result in removal from the market and may affect eligibility for future events. Vendor fees will not be refunded when a vendor is removed for violating event policies.

By submitting payment, the vendor acknowledges that they have read, understood, and agreed to these Fall Market Vendor Policies.
