To Our Valued Patients:

Healthcare fraud and abuse have been identified as a national problem costing taxpayers literally billions of dollars each year. We want you to know that all of our employees, managers, and doctors continually undergo training so that they may understand and comply with government rules and regulations regarding Medicare. We strive to achieve the very highest standards of ethics and integrity in performing services for our Medicare patients.

It is our policy to properly determine accurate compensation for our services in accordance with the governmental rules, laws, and regulations. We want to ensure that our practice never contributes in any way to the growing problem of improper Medicare expenditures. As a part of this plan, we have implemented a Compliance Program that we believe will help us prevent any Medicare service or billing errors.

Our policy is to listen to our employees and our patients without any thought of penalization if they feel that an event in any way compromises our policy of integrity. We welcome your input regarding any billing or service problem so that we may remedy the situation promptly.

## Your Information. Your Rights. Our Responsibilities.

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

This Notice of Privacy Practices describes how we may use and disclose your protected health information (PHI) to carry out treatment, payment or health care operations (TPO) and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. "Protected health information" is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health condition and related health care services.

### USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION

Your protected health information may be used and disclosed by your physician, our office staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you, to pay your health care bills, to support the operation of the physician's practice, and any other use required by law.

**Treatment:** We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party. For example, your protected health information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

**Payment:** Your protected health information will be used, as needed, to obtain payment for your health care services. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

**Healthcare Operations:** We may use or disclose, as-needed, your protected health information in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment, employee review, training of medical students, licensing, fundraising, and conducting or arranging for other business activities. For example, we may disclose your protected health information to medical school students that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment, and inform you about treatment alternatives or other health-related benefits and services that may be of interest to you.

We may use or disclose your protected health information in the following situations without your authorization. These situations include: as required by law, public health issues as required by law, communicable diseases, health oversight, abuse or neglect, food and drug administration requirements, legal proceedings, law enforcement, coroners, funeral directors, organ donation, research, criminal activity, military activity and national security, workers' compensation, inmates, and other required uses and disclosures. Under the law, we must make disclosures to you upon your request. Under the law, we must also disclose your protected health information when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements under Section 164.500.

**Other Permitted and Required Uses and Disclosures** will be made only with your consent, **authorization** or opportunity to object unless required by law. **You may revoke the authorization**, at any time, in writing, except to the extent that your physician or the physician's practice has taken an action in reliance on the use or disclosure indicated in the authorization.

## **YOUR RIGHTS**

You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must state the specific restriction requested and to whom you want the restriction to apply. By law, you may not request that we restrict the disclosure of your PHI for treatment purposes.
