What are eyelash extensions?

Eyelash extensions are individual synthetic materials or PBT fiber. They are attached to your eyelash individually, not to the skin. Each synthetic lash is attached to an eyelash. It is an enhancing beauty service and you DO NOT need to use mascara while wearing lash extensions. It is a careful and intense service which requires skill and precision. Once applied these lashes are so natural looking it is difficult to tell even close up that you have these lash extensions.

2. I understand that this procedure requires single synthetic eyelashes or mink lashes to be glued to my natural lash. \*

▼

3. I understand it is my responsibility to keep my eyes closed and be still during the entire procedure, until addressed by my lash technician to open eyes. \*

Select Answer

▼

4. I understand that some risks of this procedure may be but limited to eye redness and irritation. The fumes from the adhesive may cause my eyes to tear up if I open my eyes. \*

How long do lashes last?

Longevity and life span of a lash set can be based on several factors: Desired look and aftercare are major factors. The average person loses 1-5 eyelash's everyday. We also grow a new lash to replace the one that has fallen out. These lashes can stay on your natural lash for up to 4-6 weeks with proper care and maintenance. However, factors such as eyelash growth, lifestyle and general after care will affect how long the lashes last. Please do not attempt to remove any lashes on your own, seek professional help from your artist. WE WILL NOT BE HELD LIABLE FOR ANY DAMAGE THAT YOU MAY CAUSE TRYING TO REMOVE THE EYELASH EXTENSIONS ON YOUR OWN.

Before your eyelash extension appointment:

Remove all eye makeup and clean your lashes with mild, oil free cleanser. Do not use oil based makeup removers before lash appointment. Do not wear mascara. If you are a contact lens wearer, please remove contact lenses and wear glasses to your appointment, or bring lens case and remove once you arrive. Plan to set aside 1-2.5 hours for your appointment. Some of our clients fall asleep during the procedure and we love that!

After your eyelash extension appointment:

1. Do not perm or tint lashes before or after lash extension application.

2. Do not use a regular eyelash curler.

3. Do not rub your eyes or lashes when washing face.

4. Do not pull or tug your lash extensions, as it will take out your own lash as well.

5. Do not go in sauna while wearing eyelash extensions.

6. Do not use mascara.

7. Do not try to remove the extensions on your own.

8. Do not cut the extensions.

9. Clean your eye make-up with oil free cleanser. Use a gentle brush to clean the base of the lash to remove product buildup or debris that could cause infection or mites.

10. Remember to pre-book for future fills.

I confirm and agree that I wish to engage the service of Dusti Casey and Renown Artistry to apply eyelash extensions. \*
