RE: Holley 4 bbl 650 cfm carburetor

All Holley 0-80541-1 & 0-80541-2 carburetors are now stamped 0-80541-3 on the carburetor itself. The ones stamped 0-80541-1 and 0-80541-2 are no longer available. The 0-80541-3 is just a replacement number, the carburetors are the same as always. Make sure your track tech inspector is aware of this change.
