

Super Scree

Super Scree Mulch is a versatile and cost-effective mulch option made from high-quality tree bark and wood chip. It creates an area that not only looks good, but benefits soil health and plant growth. Super Scree is our most popular mulch and has been specified in thousands of projects in and around the Christchurch and Canterbury area for many years.

This mulch becomes resistant to wind disturbance over time and will suppress weeds when applied at a minimum depth of 100mm. It is used extensively on roadsides and traffic islands, as well as steep and exposed areas. Super Scree is also **CSS Recycled Mulch - Normal Grade approved**

Benefits

- Conserves moisture in the soil
