## CLUB MEMBER SPOTLIGHT

### Dave Freeman

My PB journey began in Nov 2022 when my good friend Tim McClure called to invite me over to play a game I'd never even heard of. And 3+ years later, I'm hooked on it, like I know so many of us are! It's unlike any sport I have ever played. The strategy of the court, so many different levels of play, and mostly the people; the amazing people I meet playing the game that I never would have met otherwise.

That's my PB story and I look forward to hearing yours!

### Stacy Bryant

Stacy first hit a pickleball six years ago after being harassed / invited to learn to play by Dennis Trujillo. She blames him for all her fun on the court.

Her favorite tournament is the Foster the Love Tournament and hopes you will join the fun this September!

**QUOTE OF THE MONTH:**  
Pickleball is a way of life.  
It's also a great way to avoid doing housework.

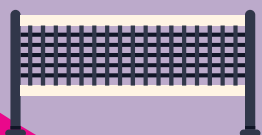

## HERE'S THE DINK... TIPS & DRILLS

First and foremost, have fun. At its core, pickleball is all about play and having a ton of fun. One of the best parts about the sport of pickleball is meeting new people and being social with the pickleball community. So, embrace your time on the court. Never forget that the most important thing is to enjoy the game and socialize with friends.
