Address : SUITE 4330, 707 WILSHIRE BOULEVARD
City : LOS ANGELES, CA

Problem Statement and Proposed Project

In Liberia, half of the country's 4.6 million people live in rural areas and 29% of the population live more than 5 km from the nearest health facility. Distance, coupled with an extreme shortage in the healthcare workforce, has resulted in some of the worst health outcomes in the world. For example, mortality rates for children under five years are 120 per 1 000 live births in rural Liberia compared to 106 per 1 000 live births in urban areas.

(Source: <https://dhsprogram.com/pubs/pdf/SR214/SR214.pdf>)

Thousands of people in the Soul Clinic Community, Montserrado County live in remote areas where health facilities are either inadequate, inaccessible, and unaffordable. Kolu Sokodolo Children Foundation seek to collaborates with the Ministry of Health in extending quality community health care access to rural populations by the construction of a fully-equipped community clinic and laboratory in Soul Clinic Community in order to meet the rising demand for health services in the Community, other community within Montserrado County, and beyond.

The U-shape building will be set up with different rooms. It will have a check-in and waiting area, a treatment room, a room for storing medicine and medical equipment, an operating room, a delivery room, a medical laboratory, a scan room, a sanitation room and four toilets. In addition, there will be an OPD segment with 16 beds and consultation rooms.

Background of Kolu Sokodolo Children's Foundation (KSCF)

Kolu Sokodolo Children's Foundation (KSCF) is a non-for-profit organization with a proud track record of successful delivery on its thriving projects. We are established in 2016 and registered under the non - profit public benefit law for Public and Charitable purposes in the USA and Liberia. We are a 501(C) 3 registered in California.

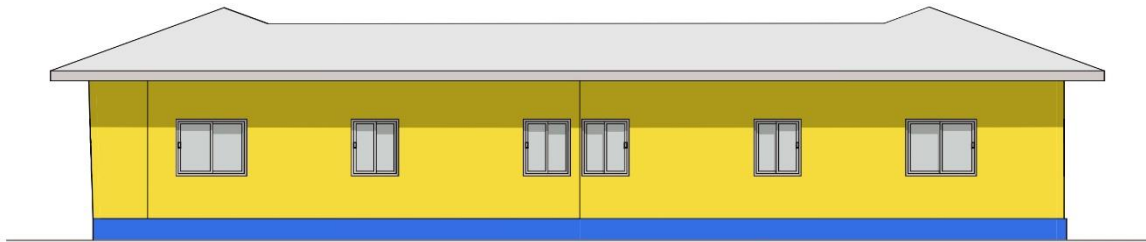

Kolu Sokodolo Children's Foundation was established over the years to cater to the less fortunate, underprivileged children, the elderly, disabled, women, and girls, among others, in Liberia and Sierra Leone. The foundation opened its first school in Unification City, Margibi County. The school, named Kolu Sokodolo International Academy, was opened to operate in the country as a tuition-free school.
