Community Outreach

Another church held a series of events in our community and they invited us to participate. They were doing an outreach in one of the worst neighborhoods near them. It is known to have the most drugs. The pastor did a five-weekend series of events at their park. We had the privilege of participating in three of the five events. First, we helped clean up their park and visit

the community to invite the people for the next event. The second event we helped with was the medical Missions. The pastor had never held one, so we met several times and I helped him outline a plan for the event. Part of that included a soul winning clinic. Through that we were able to supply them with Bibles and tracks as well. As a result, from the medical missions several people received Christ. During their last event the pastor asked me to give a talk about drugs and other addictions before the preaching. There must have been about 250 in attendance. At the end an invitation was given, and souls were saved as well. They plan now to start home Bible studies in this area. What a privilege to have been invited to participate in this fruit bearing outreach. Please pray this fruit will remain.

It's a Jungle Out There: Vacation Bible School

Vacation Bible school went well with lots of crafts, lots of kids, lots of Bible, and lots of action. Literally it was a "Jungle out there" that week. Over 20 alone packed into our suburban. Heidi, David and Nick, along with church volunteers did a tremendous job this year. It was an action-packed week. The Gospel was given, children were saved and it was repeated a second time the next week in another area of town. Hats off to the tremendous work of the Bible club staff.
