

## **ABOUT STUDYING SCRIPTURE**

Shiranda Deerwoman

*I want to share with you my experience in studying scripture. Since early adulthood, I have been spiritually fed by readings other than the Bible. We have a rich supply, many of which include the most loving expression of our creation in God and of His love for us. These books are without all the confusing and seeming contradictions contained in the Bible.*

*What I notice is that I am making peace with the Bible as I have studied teachings that provide a spiritual interpretation of the original text. For me, I still evaluate what is truth and what is error in the Bible, as I do in everything I read, hear, and still think and speak.*

*It's my desire to share Joel Goldsmith's "Spiritual Interpretation of Scripture" with you, should you have a similar interest. This book is one of many Goldsmith books I turn to again and again.*

*Are you already familiar with Joel Goldsmith? Come join us in the study. If you are new to Goldsmith let me introduce you. He expresses spiritual principle in language that is clear and easy to comprehend.*

*"Goldsmith (March 10, 1892 – June 17, 1964) was an American spiritual author, teacher, spiritual healer, and modern-day mystic." (Wikipedia)*
