“Regular Members. Delegates, Participants” are typically employed faculty members of a university who may be a member of CPRA or who may not be a member of CPRA.

“Retired, Students, Unwaged”

“Retired” means academics (i.e. individuals who hold doctoral or equivalent degrees) who are currently retired and not employed in a university. Included in this group are students, unwaged, and non-academics who are scholars, teachers and researchers engaged in peace studies and/or peace education who are CPRA members and who are attending Congress. This is strictly a fee for attending CPRA at Congress.

There will be no annual CPRA fee for individuals for the 12-month period prior to the annual CPRA meeting at Congress because there was no CPRA Association fee for 2020 as the AGM and Congress 2020 at Western University was cancelled.
