**** (parking behind the building) ****

Join us for a free viewing of the acclaimed **'Singing Back the Buffalo'** by Cree Filmmaker, Tasha Hubbard! Tasha is a Cree award-winning filmmaker, a buffalo academic at the University of Alberta and buffalo activist. This 90 minute documentary features Indigenous visionaries, scientists and communities who are returning the buffalo to the North American Plains. With Blackfoot Elder Leroy Little Bear, Hubbard weaves the story of connections to buffalo and how their return to the Great Plains signals a turning point for Indigenous nations and a new era of sustainability and balance in nature. The Emma Stewart Resource Centre is providing related resource material to browse and to loan. The film also features the Buffalo Treaty first signed in 2014. Now over 40 first nations are signatories including many in Saskatchewan. Singing Back the Buffalo is produced in association with CBC and APTN among others.

Local & International Tours

International Tours: Egypt is our main target for September/ October 2026. If you are interested, contact Linda at lgalenzoski@accesscomm.ca. Our group will meet in February to choose the trip that suits most of the travellers. Last week, the Grand Egyptian museum finally opened in Cairo. As quoted: A place that could finally do justice to 5,000 years of human history.

The Vietnam, Cambodia, and Thailand Tour will take place January 7, 2026. Fifteen travellers have made their deposits, so the tour is now sold out.

Moose Jaw Tunnel Tour -Coming in 2026 We are exploring a day trip to Moose Jaw by bus to enjoy the three different tours of the underground tunnels. Further information will be included in future Announcements, as to the date, the price per person, and who to contact to register for this adventure.
