

DeskPort Plus | Universal AT-8800-BK

by Telekonek

DeskPort Plus is a 6-in-1 desktop charging solution. It allows hotels to place AC and USB power outlets where the guests need them most. Conveniently located outlets provide the power source guests need to charge smartphones, tablets, laptops and other portable devices. Perfect for bedside placement or hotel roomservice table so the guests can comfortably use their device while it's charging. It features additional USB charging ports: 3 x Type A and 1 x Type C.

Convenient Nightstand power solution for hotel guests rooms

- Provides guests with four easy-to-find charging outlets.
- Uniquely designed to sit on desk or nightstand.
- Two AC outlets and three USB Type A & one USB Type C device charging ports
- Engineered for safety with 13-Amp integrated circuit breaker.
- Simple to install, durable construction for everyday use.
- Comes with mounting plate for secured horizontal table top mounting.
