4 Parking

Designated parking spaces for each residence. If you need to bring more cars just let us know... we'll find some space.

7 Sunny Field

An open field on top of a hill with 360° views of the surrounding mountains. Sometimes we have weddings here.

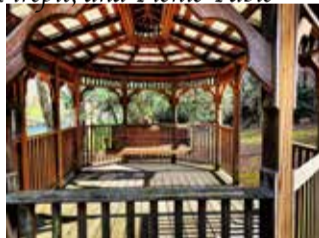

10 Granite Wall Field

A field at the base of 40 foot tall granite rock wall. The Watuga River runs here making it a nice place for a picnic or just to be still.

2 Private Park

Two acre park running along the Watuga River complete with Gazebo, Firepit, and Picnic Table

5 The White House

Where the owners live...

8 The Swing

Not your average swing. Suspended from a sturdy black walnut tree... kick off from the edge of a drop-off and you'll immediately be 30 feet in the air.

11 The Orchard

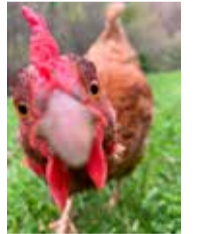

We just planted apples, pears, blackberries, raspberries, and blueberries. A peaceful stream runs nearby.

3 The Goats

6 The Chickens

30 of them... and we sell the eggs

9 The Cave

It's a tiny cave right at the river's edge. You can sit on the chilly floor and listen to the babbling of the Watuga River. A few bats live here so take care of their home.

12 The Barn
