

2021

Speed Week

World Finals

What a great year 2021 was on the Bonneville salt flats. The salt was some of the best anyone had seen for a long time. It was hard, smooth, and dry. Many records were set for both cars and bikes. The weather was superb, and the people were great. There was so much tire grip, the speeds attained were sneaky fast. There were some incidents from mechanical failures and others from conditions so good that natural competitiveness caused drivers to just go for it.

Keep positive thoughts and attitudes for good weather and excellent salt growth for next year and racing in 2022 will be just as good.

These events could not happen without help from our fantastic volunteers and great sponsors. Thank you all for making SCTA and BNI the greatest land speed racing events in the world.

Remember faster is better most of the time!

Bill Lattin-SCTA Vice President and BNI Chairman
