

2022 WORLD FINALS CANCELLED

Last night the combined SCTA & BNI Boards voted unanimously to cancel the 2022 World Finals. Listening to “up to the minute” salt reports and seeing very current photos, it was determined that creating a safe racecourse could not be accomplished.

As always, our number one priority is racer safety. Due to the poor salt conditions, we all felt we could not safely provide a competitive course. As is, the course is unusable. After lengthy discussion it was decided that any attempt to groom the course would do more damage.

Please know this was an extremely difficult decision, a tough call for all of us to make. We want to be on the salt as much as you do. In the end, with racer safety and poor salt conditions in mind, the decision to cancel was made.

The Salt needs time to heal. Thank you all for understanding.

We hope to see you all on the Salt again in 2023!

Sincerely,

Your 2022 SCTA & BNI Boards
