

## 2024 SpeedWeek Update

We have a change happening with the gas/fuel for SpeedWeek 2024. VP has chosen not to have a fuel truck on the salt this year. However, they will ship the gas/fuel to Wendover for us so you will **have to pre-order**, or you will **have to bring your own**. I know this is different from what we are all used to, but we have been working hard to come up with a solution that works for everyone.

The approved gas list has not changed and is posted on our website ([www.scta-bni.org](http://www.scta-bni.org)) under Bonneville Documents. There is a link on our website on the Bonneville General Info Page and Facebook that will get you to an online order form where you can buy 5-gallon pails of the gas/fuel mentioned below. Your order will be available for pick up along with tank sealing starting Thursday, August 1<sup>st</sup> at 9:00 a.m. at the truck by impound. You may also bring your own VP gas as long as it is in a factory sealed container. As always, if you are running a fuel class you can bring your own fuel.

Orders must be placed by July 7<sup>th</sup> for shipping.
