**WF Update #5 – 9/26/25:**

**The salt will open tomorrow at 7:00 a.m. and Registration/Inspection is from 8:00a.m. – 4:00p.m. When the salt opens, you can put your vehicle in line.**

**Driver's Meeting is at 9:00 a.m. and will be held at Registration this year.**

**Immediately after the driver's meeting you will be allowed to drive down the course. Please do not linger so we can get started racing. Make sure you observe the turnouts throughout each**

**mile. Just a reminder, please follow the blue line on the turnouts all the way until the return road which is over a 1/4 mile away and marked with cones & swooper flags.**

**Qualifying will begin immediately after the driver's meeting following the course drive. If you qualify for a record and are ready to do your return run before 1:00p.m., you will be allowed to attempt to back up your record at 1:30 or wait until the following morning. However, if you back up your record at 1:30p.m. you will not be allowed to qualify again with the same vehicle number. You can, however, do a class change and qualify the same day.**

**WF Update #4 – 9/25/25:**

**Wire, Course, pits, signs and blue lines were all completed today. The salt will open tomorrow at 7:00 a.m. and Registration/Inspection opens at 9:00 a.m.**

**In our opinion the course is better than it was at Speedweek. It is more durable and cleaner, so it has more traction and will leave long black marks. Although the track is still bumpy, we cut it with the drags two times to achieve a smoother surface.**

**Turnouts are every 1/4 mile after the markers and are well defined by a blue line. The turnouts are 1/4 + mile so please follow the blue line until you get to the return road which will be marked with cones & swooper flags. There are other miscellaneous roads from other events out there so please pay attention.**

**After the driver's meeting on Saturday, everyone will be able to take a drive down the course to check the conditions.**

**WF Update #3 – 9/24/25:**

**Today the course, return road, turnouts and pits were 90% completed and will be finished in the morning. Wire, course signs, mile markers & blue line will be done tomorrow. The blue line will be on the access road, the perimeter of the pits and the center line of the course only.**

**WF Update #2 – 9/23/25:**

**Prepped return roads, turnouts, Burford and course setup is halfway done. Pit setup started today, and toilets arrived. Tomorrow we will continue track and pit setup, security will begin, trash bins will arrive and dragging will continue. The weather was very nice today and we will update again tomorrow with some more pics.**
