

Cubby's Creations

Test of Time

Country • G major • 120 BPM

[Verse 1]

I packed my bags one early dawn
Left that small town far behind
With nothing but a worn-out song
And dreams that burned inside my mind

[Chorus]

It's a test of time, this winding road
Where hearts get lost and stories grow
But I'll hold on to what I know
Love's the light that helps me go

[Verse 2]

The miles keep rolling underneath
Dusty boots and endless skies
Every sunset feels like grief
But hope still shines in weary eyes

[Chorus]

It's a test of time, this winding road
Where hearts get lost and stories grow
But I'll hold on to what I know
Love's the light that helps me go

[Bridge]

Through every fall and every climb
The scars remind me I survived
In every tear and every line
I find the strength to stay alive

[Chorus]

It's a test of time, this winding road
Where hearts get lost and stories grow
But I'll hold on to what I know
Love's the light that helps me go

[Outro]

Love's the light, love's the light
Helping me go on tonight
