

# Crazy

[Intro]

G D Em C

[Verse 1]

G D

Met her down by the old town square

Em C

Laughin' 'bout nothin', wind in her hair

G D

Got a smile that could light up the night

Em C

Made me feel like everything was alright

[Chorus]

G D

I'm just a little crazy, a little wild and free

Em C

A baritone dreamer, with a heart on my sleeve

G D

She calls me her joker, her midnight tune

Em C

Dancin' under the stars, howlin' at the moon

[Verse 2]

G            D

Coffee shop mornings, old records play

Em            C

Two-steppin' worries all away

G            D

Rusty boots tapping on the wooden floor

Em            C

Every day's a story, looking for more

[Chorus]

G            D

I'm just a little crazy, a little wild and free

Em            C

A baritone dreamer, with a heart on my sleeve

G            D

She calls me her joker, her midnight tune

Em            C

Dancin' under the stars, howlin' at the moon

[Bridge]

Am            Bm

Warm whiskey nights, and campfire glow

C            D

Where the river runs, that's where we go

Am            Bm

A little rough round the edges, but true and bold

C            D

This crazy heart's got a love to hold

[Chorus]

G            D

I'm just a little crazy, a little wild and free

Em            C

A baritone dreamer, with a heart on my sleeve

G            D

She calls me her joker, her midnight tune

Em            C

Dancin' under the stars, howlin' at the moon

[Outro]

G D Em C

Crazy and free, just you and me.
