

Still Holdin' On

Title: Still Holdin' On

[Verse 1]

G D

Sun comes up, I'm out the door,

Em C

Steel-toe boots hittin' that old shop floor.

G D

Ain't much money but it keeps us fed,

Em C

Three kids laughin' in a bunk-bed spread.

G D

My woman's hummin' in the kitchen light,

Em C

Coffee strong, kiss before the fight.

G D

Yeah, we're workin' hard but we're doin' alright,

Em D C

Livin' that small-town life.

[Chorus]

G D

I got three kids, three dogs, and a woman by my side,

Em C

A pickup truck and a little bit of pride.

G D

Made my share of trouble, but I always get out alive,

Em C

'Cause the good Lord knows, I'm still holdin' on tight.

G D

Yeah, I'm a blue-collar dreamer, rollin' through the night,

Em D C

Still holdin' on, still holdin' on tight.

[Verse 2]

G D

Boss man's barkin', I just grin,

Em C

Clockin' hours 'til the daylight ends.

G D

Friday night, me and the boys unwind,

Em C

Beer and bull talk 'bout the hard-grind life.

G D

Got a dent in my fender, a scar on my pride,

Em C

But my baby don't care, she's still my ride-or-die.

G D

We've been through hell but we don't ask why,

Em D C

We just laugh 'til we cry.

[Chorus]

G D

I got three kids, three dogs, and a woman by my side,

Em C

A pickup truck and a little bit of pride.

G D

Made my share of trouble, but I always get out alive,

Em C

'Cause the good Lord knows, I'm still holdin' on tight.

G D

Yeah, I'm a blue-collar dreamer, rollin' through the night,

Em D C

Still holdin' on, still holdin' on tight.

[Bridge]

Am C

Some nights I wonder if I'm runnin' on fumes,

G D

But I look at them eyes in my living room.

Am C

Every reason I need's right there in sight,

G D

They're my daylight, my Friday night.

[Final Chorus]

G D

Three kids, three dogs, and a woman by my side,

Em C

That pickup truck still my joyride.

G D

I've caused some trouble, but I turn out fine,

Em C

'Cause I ain't done fightin' this blue-collar life.

G D

Yeah, I'm a hard-luck dreamer, rollin' through the night,

Em D C

Still holdin' on, still holdin' on tight.

[Tag]

G D

Yeah, still holdin' on..

Em D C

Through this blue-collar life.
